Computer Hardware Assembly • Component Compatibility • Troubleshooting • Hardware Maintenance • Benchmarking • Cable Management • BIOS/UEFI Configuration • Hardware Upgrades

Freelancer / PC Assembly Specialist

JULY 2022 - PRESENT, LIER

I excel in a diverse range of tasks related to PCs. My expertise includes component selection and configuration, as well as proficiently assembling and repairing computers.

Koninklijk Atheneum / Trade & IT

SEPTEMBER 2019 - JUNE 2022, LIER

I didn't find the IT field challenging enough, and unfortunately, I struggled with languages.

BA Zandpoort / Informatics

SEPTEMBER 2022 - JUNE 2024, MECHELEN

The IT field did present some challenges, but I've found it to be a rewarding experience. Despite the difficulties, I have made significant progress and have learned a great deal in just one year.
